Sorting fact vs. fiction on abductions

During the holidays, many people travel to see family. It's important to be prepared for any dangers of traveling, including human trafficking — and to know the facts about abductions and trafficking. According to the National Center for Missing and Exploited Children (NCMEC), about 100 children per year are abducted by strangers across the nation. Although most abductions involve someone the victim knows and even trusts, "stranger danger" still exists. Always be careful in protecting our children and young people wherever they are. For more facts, read the VIRTUS[®] article "Know the Facts: Abductions and Human Trafficking" at lacatholics.org/did-you-know.

What's Happening in HOLLYWOOD?

THE VIEW FROM SPA

Is Hollywood in a crisis? St. Paul the Apostle parish has always been a place where people in the entertainment business have come together to celebrate faith, raise families, pray together, share ideas, and collaborate. Fathers Bud Keiser, Jack Mullhall, and Ed Wronblewski are some of the past Paulists who saw Hollywood as a mission field. Paulists continue to work with the talent and industry leaders who call St. Paul's home.

Join Fr. Mark as members of our community from the Film, TV, and Music industries come together for a panel discussion on the current climate in entertainment and media. How can young people and veterans working in Hollywood sustain their careers? How can a community of faith be supportive?
